New Host Representative

The SA-CESU welcomes Dr. Keith Belli as the representative for the SA-CESU host university (UTK). Dr. Belli replaced Dr. George Hopper in May. Dr. Hopper, who was instrumental in establishing the SA-CESU, accepted a position at Mississippi State University.

Dr. Belli is familiar with the CESU program. Look for him to become very involved with the SA-CESU as he learns more about this CESU.

CESU Anniversary

The Southern Appalachian CESU passed its eight-year anniversary on June 18. On that date, a total of 156 projects had passed through the CESU.

Types of Projects in the SA-CESU

Research, technical assistance and educational are the three types of projects of the SA-CESU. The chart below shows the proportion of projects per project type (from 1999 to 2006):
