November 2007

In this SA-CESU newsletter:
- Summary of FY07
- SA-CESU Annual Meeting
- COE Interest

Enjoy and share with others.

SA-CESU Annual Meeting

The SA-CESU annual meeting was held in Johnson City, TN in concert with SAMAB’s Annual Conference. After a short presentation about the SA-CESU program, three Principal Investigators (PIs) presented reviews of their projects. There was a good amount of interest from the audience after each presentation. From the business meeting which concluded the session, it was decided to go forward with a workshop on emerging issues.

Records Reached in FY07

The SA-CESU enjoyed a benchmark year for the federal fiscal year of 2007. Forty-five projects for a record total of 2.4 million dollars. Six of the seven federal agencies supported projects through the SA-CESU.

US Army COE Interest

The US Army Corps of Engineers is in the process of joining the Southern Appalachian CESU.

News / Events

Preparation is underway for a SA-CESU workshop for federal partners on an emerging issue topic. Dates and location are still to be determined.
